NOIDA/GREATER NOIDA
IT DOESN'T GET BIGGER
THAN THIS

*4th largest
ITES destination
in the country, in total adds to
about 10% of exports (NASSCOM)*

*The best location in the
country to start
semiconductor
operation,
next only to Bangalore*

*Superior connectivity through
DND-Yamuna-
Taj Expressway
with presence of adequate
social & residential options*

*50 IT/ITES MNCs
already present, 25 of which have
large campuses creating
a captive catchment*

*Includes the
Sports
City –
a 2500
acre
complex
with mid to high
rise apartments,
an F1
Racing
Track
and other
international
standard sports
features and
facilities*

*Supply of trained & educated
manpower to fuel growth
50 engineering &
management institutes
in Noida/Greater Noida region
including the 511 acre
Gautam Buddha University campus*

*Basic infrastructure planned in
conjunction with real estate development-
expressway,
metro connectivity,
local infrastructure,
electricity, water;
storm water drainage
etc.*

INDIA - A SNAPSHOT

10
million
people
move into cities
annually

India's real estate sector to be worth
USD676 billion by 2025

The Indian economy
has outperformed other
emerging economies
in the last decade

The total number of cities as risen to 7,935 from 2,774

The real estate sector
contributes about 6%
to the Indian Economy
and is expected to rise to
13% by 2028

India is expected to become the
world's third
largest economy
by 2028

India and developing economies FDI inflows

NOIDA THE NEW DESTINATION OF COMMERCE IN NORTH INDIA

*In the recent years, NCR has been redefined. The shortcomings of Gurgaon have become as apparent as can be and the very future of the city hangs in the balance as rampant development far exceeds the resources that are needed to serve the population that will reside there. Noida, on the other hand, has emerged as the new favourite for corporates and MNCs alike. With its lucrative investment price points and proportionately robust infrastructure, **Noida is where the world is headed.***

*Noida caters to six times the number
of new properties as compared to Gurgaon*

*30 KM Noida & Greater Noida
metro extension expected
to be operational by 2017*

*A 337 acre,
750 crore
Night Safari Project
is being developed to promote tourism*

*An independent Yamuna
Power Corporation Limited will set up
a 2,000 MW power plant
to meet the rising demand of
power in the region*

NOIDA CALLING

Most large mobile phone manufacturers have their base in Noida

NOIDA IS THE TECH CAPITAL OF THE NORTH

Some of India's largest technology companies are based out of Noida

GOVERNMENT POLICY AND THE IMPACT ON NOIDA

The Smart City Program - Noida already meets 70% parameters for Smart City

The government has identified 98 locations all over the country as Smart City destinations. There isn't even a single Smart City in Uttar Pradesh. Which is a great boon for Noida as it already meets more than 70% parameters for a smart city and corporates are truly well settled in the region making sure that Noida continues to be a preferred destination of choice for MNCs.

The Smart City Program - parameters

Incentives offered by the up government for the startups, incubators and Small & medium enterprises

REITS - enabling retail investment in the Indian commercial sector

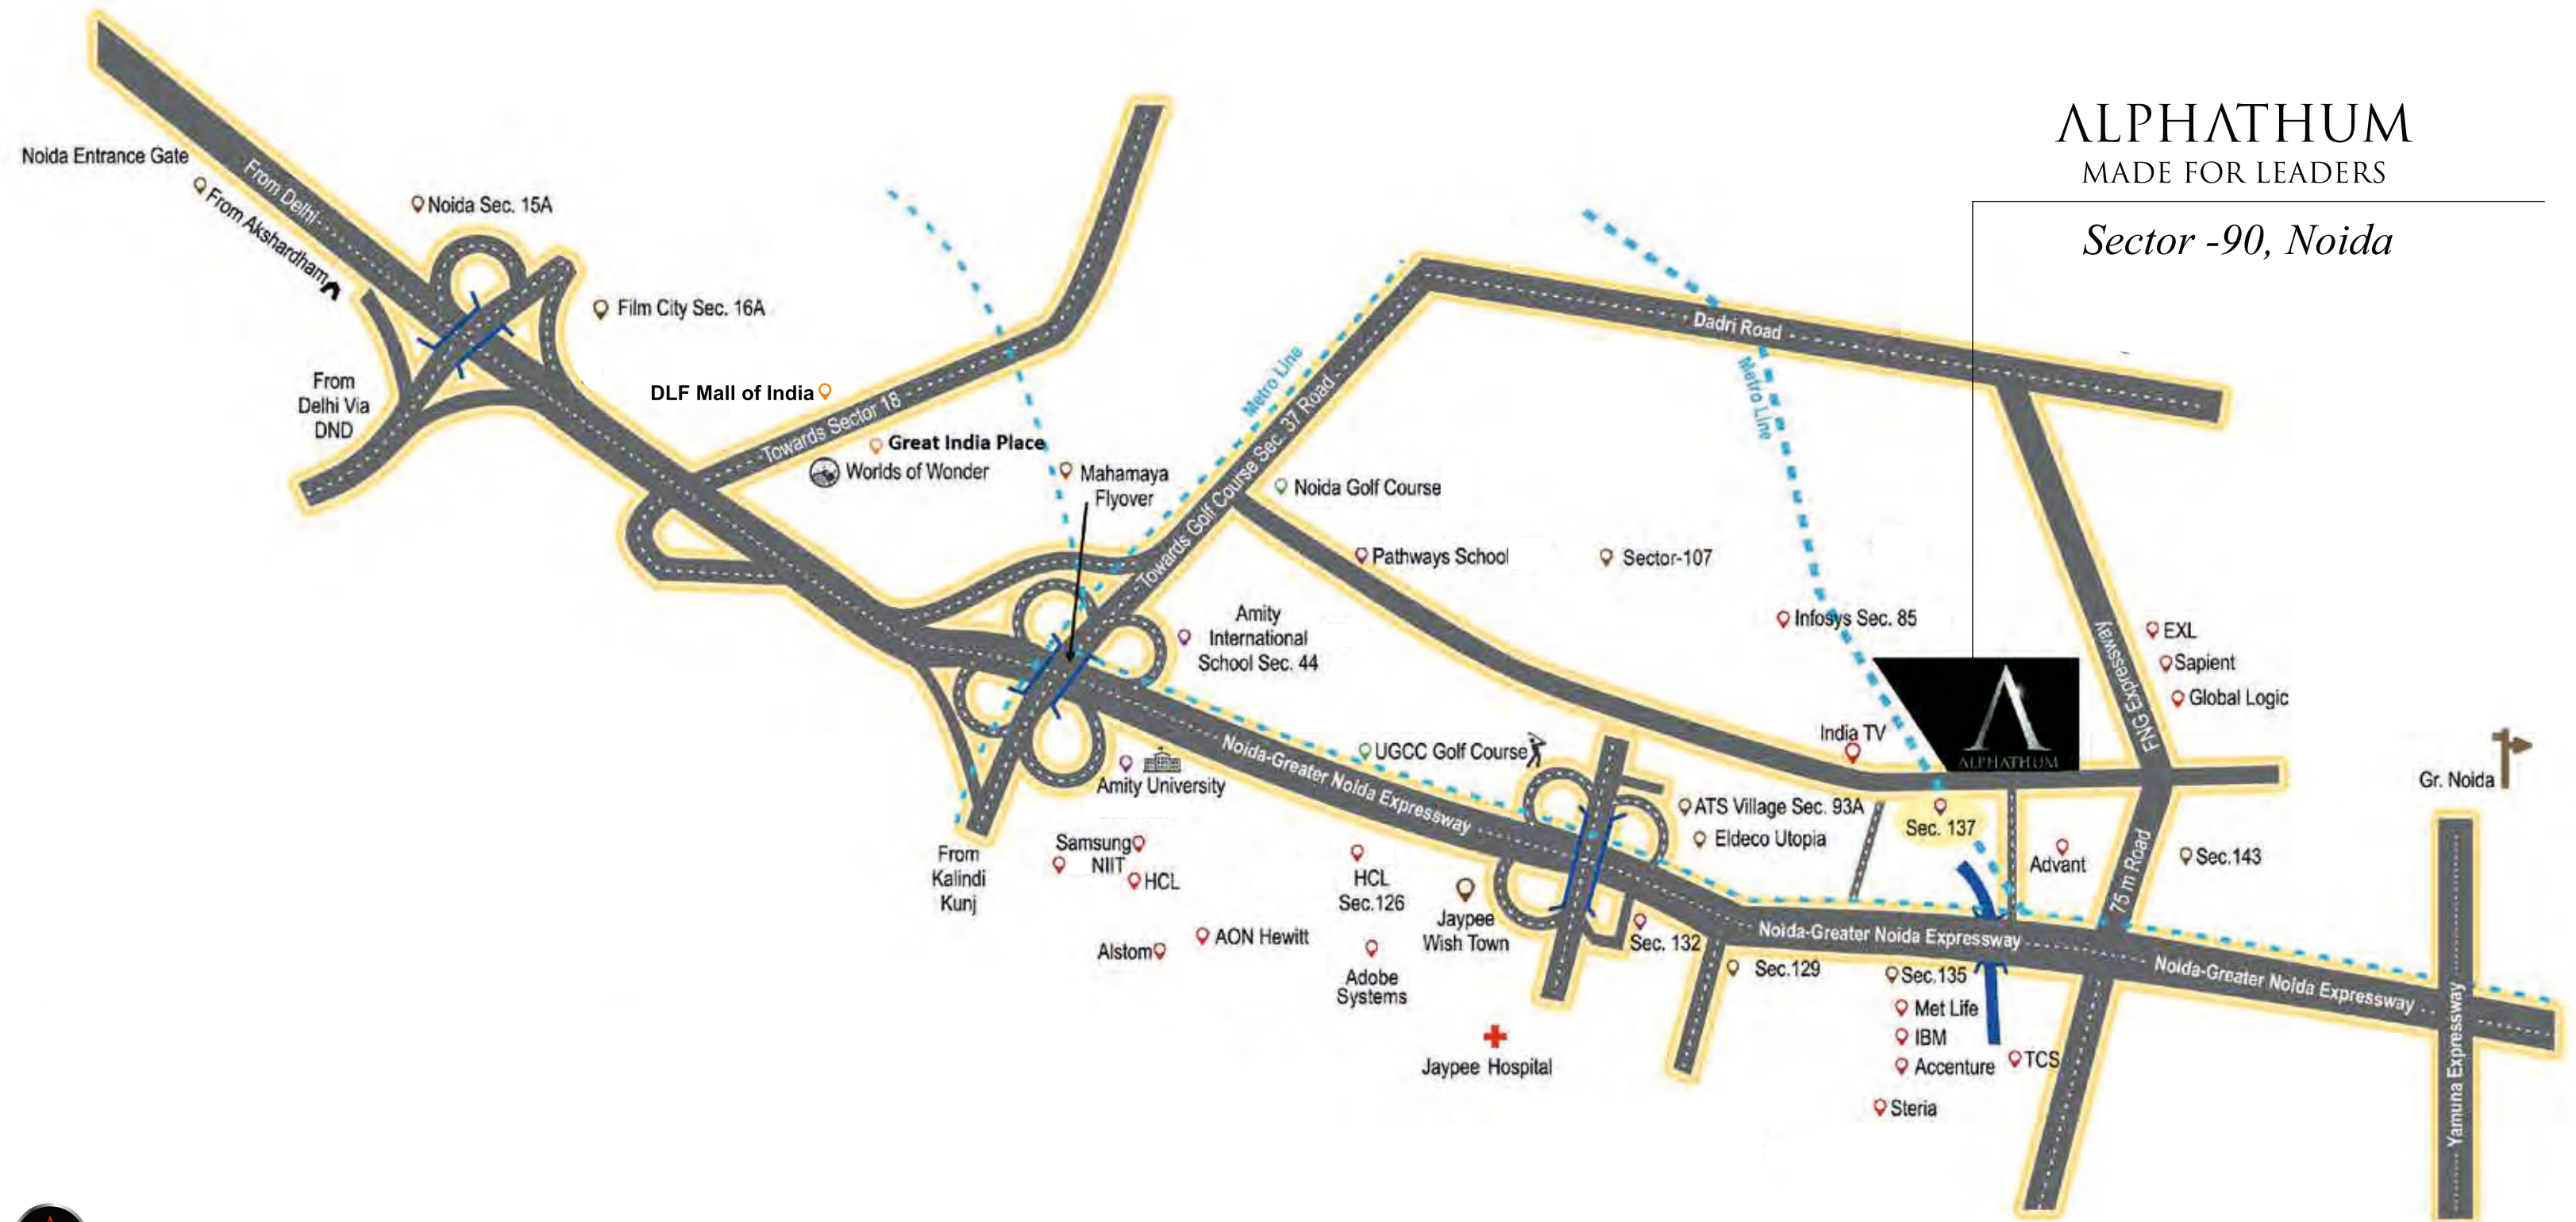

Retail investors in the country can now invest in Real Estate at more convenient price points. With the REITS ruling, capital in the real estate industry will be freely available, speeding up development and creating a more compelling catchment for Alphathum.

Real Estate Regulatory Act

A much needed amendment in the laws of the country. This is the most compelling argument for investing in Alphathum. The Bhutani Group is an old Delhi based company with enough reserves to fund the entire project on its own ability. The construction will not falter due to a gap in funding and on time delivery is all but assured. Whereas other developers will have a hard time setting aside the 70% in flow in a bank as mandated by the Real Estate Regulatory Act.

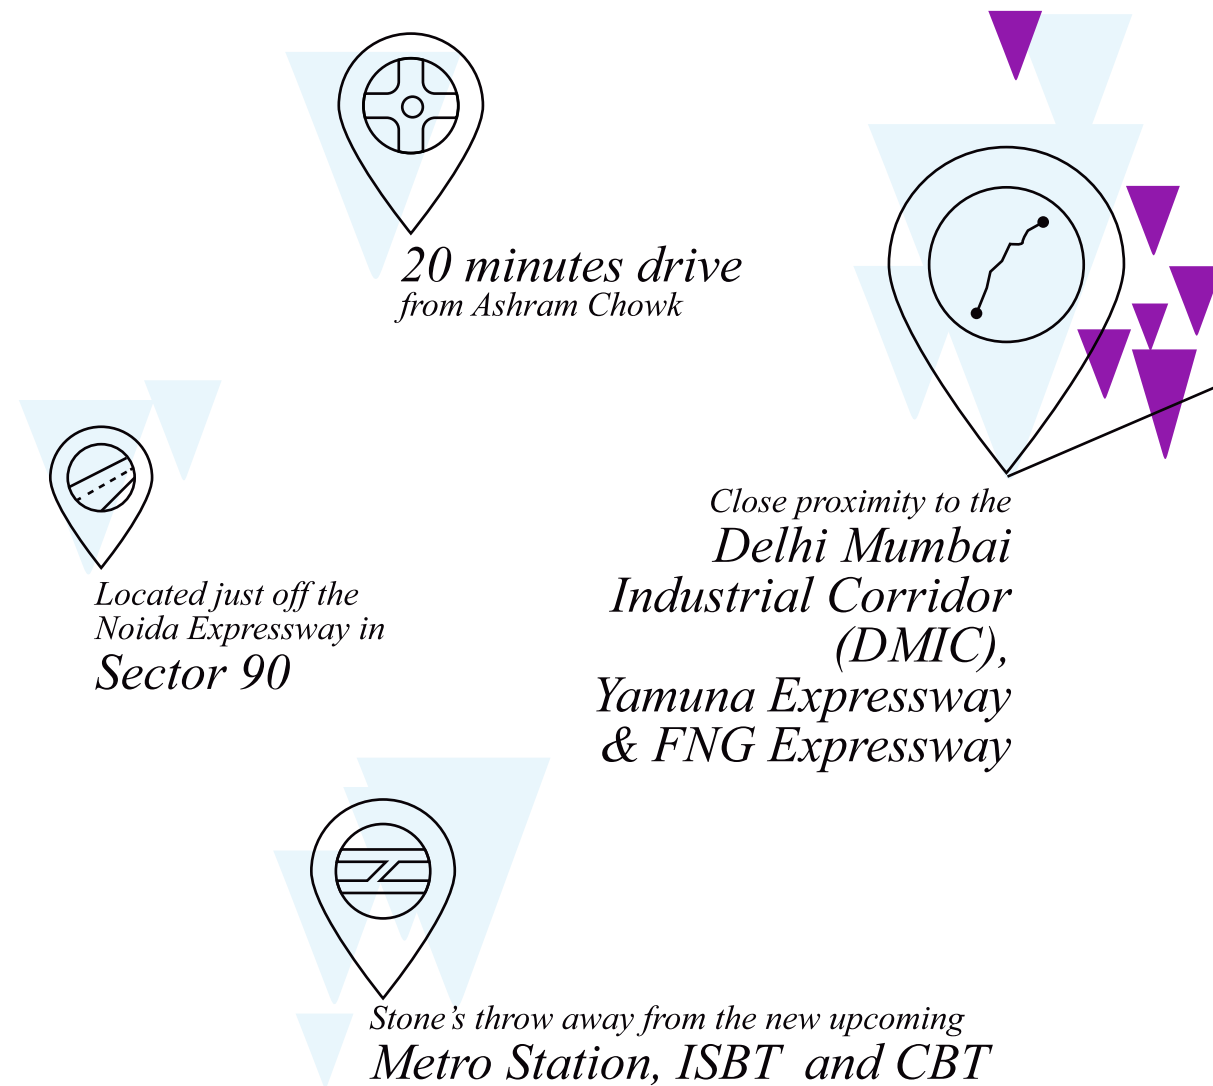

ALPHATHUM

MADE FOR LEADERS

Sector -90, Noida

*More than 75000 residential apartments delivered in
a km radius leading to a high recruitment base*

*Key infrastructure in place
in the neighbourhood,
i.e. best schools,
multi-specialty hospitals,
retail, malls, offices,
residential enclaves*

*Infosys
campus
coming up with
a 28.9 acres
just adjacent
to Alphathum*

*Noida-Greater Noida Expressway is already the base
for **major corporations** like Accenture, TCS, Wipro,
Infosys, Dell, Barclays, Oracle, Samsung, Steria,
Yes Bank and many others*

THE CAPITAL OF CONNECTIVITY

NOIDA-GREATER NOIDA EXPRESSWAY

The lifeline of business in Noida, most large corporates are shifting base to be located along this nerve center of commerce.

YAMUNA EXPRESSWAY

Connecting Noida and Greater Noida to Agra and beyond, the Yamuna Expressway is one of the most commendable routes in the country. The excellent infrastructure on either side of the highway has led to the creation of regional economies that are feeding into the larger eco-system of the NCR.

FNG Corridor

The future of connectivity of two hotbeds of commercial activity in NCR - Gurgaon and Noida, the FNG corridor will revitalise the real estate sector and create an unparalleled line of commerce.

Metro Connectivity

Located Close to the upcoming Metro Station at Sector -137, Noida. The metro station is at the stone throw away distance.

Seamless Traffic Planning and Management - well designed internal road network to minimise congestion at peak times

Sufficient Parking - Abundant parking areas and dedicated bus bays

Mechanically Ventilated Basements - to keep the sub level environment pleasant

Walkways for Connectivity within the buildings and an excellent inter-building connectivity matrix

Well Ventilated Office Spaces through the use of energy efficient glass

Central Chilled Water Air Conditioning System that maintains an environmental equilibrium all year round to keep the temperature (heated in winter), humidity and air quality at optimum levels

Rooftop infinity pool
- Layout plan

Some believe many good leaders are born not made, yet not many can remain strong leaders unless they constantly sharpen their skills and look for ways to grow. At **Bhutani Infra**, that remains ougreatest impetus in growth. With the highest standards of deliveriesall across Delhi and NCR over the last two decades, Bhutani Infra is on a continuous trajectory of evolution inspired by and creating best practices in the world of development.

FACT SHEET

SPACE

Masterplanning

<input type="checkbox"/> Areas	The complex is spread over 25 acres with 21 lac sqft of work space areas	Built to hold 20000 people
<input type="checkbox"/> Site massing and layout	12 distinct building blocks provide integrated live-work-play functions	A prestigious 100 m high tower
<input type="checkbox"/> Circulation	Well planned access at all levels, channels through building cores and integrally Connected for quick and efficient movements	Total 55 no. Lifts, with speed of fastest ones at 2.5m/s

Indoor & common areas

<input type="checkbox"/> Parking	Total 3000 cars parking, of which 500 are at surface level. Parking spread over 25 acres In 2 basements, with higher height for future additional parking	Extendable upto 4200 nos.
<input type="checkbox"/> Pedestrian network	Pedestrian focused circulation design ensuring uninterrupted flow	Dedicated 1.1 kms of walkways
<input type="checkbox"/> Atriums	Grand experience by atrium framed entry for all large buildings	Unique bio-atriums
<input type="checkbox"/> Breakout areas	Richly interspersed balconies, verandahs, terraces & sky courts, add diversity and provide a sense of relief from cold modern indoors	

Outdoors

<input type="checkbox"/> Landscape	A world class environment created out of a blend of the agrarian, to impart a unique place of character to the entire complex	Green area of 35% equivalent to 7 acres
<input type="checkbox"/> Congregation areas	To promote outdoor activity and gatherings, designated areas for events and performances add to a vivid user experience of the complex	Multiple spill-outs, plazas, lawns and courts can host >1500 people
<input type="checkbox"/> Shopping	Linear unbroken building lines give direct access to retail and institutional spaces	Great place for street shopping
<input type="checkbox"/> Cultural	A magnet for people is a natural hub for art displays and performances	Infuse high cultural quotient

STRUCTURE

Shell

<input type="checkbox"/> Systems	A hybrid system of foundations consisting rafts provides a robust And built-to-last base for the entire system	Designed for zone iv Earthquake detailing
<input type="checkbox"/> Structural elements	large spans, optimised structural grid & framed structural system. On site batching plant maintain Standards of concrete production. Strict testing of materials, Steel and concrete mix supplemented By 3rd party testing to give the greatest level of quality assurance	15000 mt of steel (equiv. To 2 eiffel Towers) and 1.6 lac cum concrete (Equiv. To 2 empire state buildings) Will be used
<input type="checkbox"/> Masonry	Use of advanced cellular lightweight concrete blocks for walls	

Envelope

<input type="checkbox"/> Façade system	Integrated design engineering approach is the highlight where both unitized and semi unitized type systems are used based on particular building requirements	Energy optimized and unique memorable imagery
<input type="checkbox"/> Glazing	Use of high performance glasses specified as per energy simulation analysis	
<input type="checkbox"/> Fascia materials	Innovative use of glass and aluminium	
<input type="checkbox"/> Shading	The entire complex is oriented to minimize solar gain. Further, various measures to add shading by the use of projections, recesses and fins add a richness to the façade while creating day-lit and glare free workspaces inside	large trellised area provides semi-covered terrace functional And a visual delight
<input type="checkbox"/> Roofs	Green in true sense of the word, the roofs are devised out of a planting system that ensures year round Vegetation, while also providing insulation and a joyful usable space	2.6 acre of terrace gardens

SUSTAINABILITY

Adequacy

<input type="checkbox"/> Energy	Energy conscious planning ensures lower requirement for lighting. While reducing operational demand, Adequacy is ensured by power backup that is provided on modular basis is provided	80% lower demands Total 6 mw dg backup
<input type="checkbox"/> Water	Rainwater harvesting and a triple run water cycle, ensures every drop counts	Zero discharge complex
<input type="checkbox"/> Comfort	High efficiency chillers and advanced controls ensure indoor comfort. A mix of strategies- such as by use of mistifiers provide comfortable outdoors & common areas	

Access & controls

<input type="checkbox"/> Physical	Carefully planned to secure, survey, impede and detect unwanted intrusions	
<input type="checkbox"/> Wired	Integrated solution for all voice, data and internet requirements	
<input type="checkbox"/> Safety	Highest standards of provision for fire detection and safety	6.6 lac litre of fire tanks

Appropriateness

<input type="checkbox"/> Armature	A unique and cutting edge solution to enhance the utilization of outdoor urban spaces	Shades, cools, lights & connects
<input type="checkbox"/> Renewable	Harnessing the power of sun	
<input type="checkbox"/> Responsible development	Based on principles that promote consumption in a manner that stays aware, minimises waste, and Promotes recycling. An environmentally responsible and ecologically conscious way of building	Local material and flyash used promote flora & fauna
